Knowledgeable, Seasonal, Sustainable

Welcome

Here at Ochil Foods we are proud to bring you a selection of the finest foods from around the world, but our passion lies at home. Our ever growing collection of Scottish producers covers everything from Venison, Game and Shellfish to Soft Fruits, Crème Fraiche and Sorbets and much more, thirty five Scottish producers at last count.

We believe in seasonal eating and sustainable food for the future. We also believe in connecting people and sharing knowledge. With this in mind we have launched our “producer videos”, bringing the producer to your kitchen and sharing their story.

These can be both informative for chefs and to show provenance to your customers. We would be delighted for you to use these on your websites and social media channels as you wish.

We look forward to doing business with you again this year,

Kind regards  
Neil and Annie

## CULLISSE HIGHLAND RAPESEED OIL

COLD PRESSED BY ROBERT MACKENZIE

Cullisse Highland Rapeseed Oil is gently cold pressed in the Highlands of Scotland, retaining all the naturally healthy properties nurtured in the seed pods during the extra long days of light that distinguish a Highland summer.

Multi-award winning (including a 2 Star Great Taste Award 2019) and SALSA accredited, sales of Cullisse Highland Rapeseed Oil also help support smallholder farmers in eastern Africa through the charity Farm Africa, and the entire production circle is closed by feeding the by-product from the cold pressing process to the farm's own herd of cattle, which then play their part by fertilising the soil.

Available in 5L drums from Ochil Foods.
